**Prepared by Mavi Food Auditing and Consulting Company**

**December 2002**  
**Ankara**

# **TURKISH FOOD MACHINES MARKET RESEARCH REPORT**

## **1. INTRODUCTION**

## **2. SUMMARY AND CONCLUSION**

## **3. ANALYSIS OF SUPPLY**

### **3.1. General Information**

### **3.2. Mechanisation of Food Industry in Turkey**

### **3.3. Machinery's for Fruits and Vegetables Processing**

#### **3.3.1. General Information of Industry**

#### **3.3.2. Capacity and Production of Machinery's**

#### **3.3.3. Imports**

#### **3.3.4. Exports**

### **3.4. Machinery's for Milk and Dairy Product Processing**

#### **3.4.1. General Information of Industry**

#### **3.4.2. Capacity and Production of Machinery's**

#### **3.4.3. Imports**

#### **3.4.4. Exports**

### **3.5. Machinery's for Meat and Meat Product Processing**

#### **3.5.1. General Information of Industry**

#### **3.5.2. Capacity and Production of Machinery's**

#### **3.5.3. Imports**

#### **3.5.4. Exports**

### **3.6. Machinery's for Milling, Bakery and Pastry**

#### **3.6.1. General Information of Industry**

#### **3.6.2. Capacity and Production of Machinery's**

#### **3.6.3. Imports**

#### **3.6.4. Exports**

### **3.7. Machinery's for Sugar and Confectioneries**

#### **3.7.1. General Information of Industry**

#### **3.7.2. Capacity and Production of Machinery's**

#### **3.7.3. Imports**

#### **3.7.4. Exports**

### **3.8. Machinery's for Food Packaging**

#### **3.8.1. General Information of Industry**

**3.8.2.** Capacity and Production of Machinery's

**3.8.3.** Imports

**3.8.4.** Exports

#### **4. ANALYSIS OF DEMAND**

**4.1.** Market Size

**4.2.** Consumption

**4.3.** Products

#### **5. MARKETING FACTORS**

**5.1.** Distribution Channels

**5.2.** Wholesale and Retail Markets

**5.3.** Trade Fairs of Food Industry

**5.4.** Transport

**5.5.** Promotion and Advertisement

**5.6.** Prices

**5.7.** Sector Journal and Association

#### **6. MARKET ACCESS**

**6.1.** Trade Policy Regime

**6.2.** Tariffs

**6.3.** Quantitative Restrictions

**6.4.** Regulations

#### **7. MAIN TURKISH COMPANIES OF FOOD MACHINERY SECTOR**

#### **8. MIDTERM AND LONGTERM EXPECTATIONS AND DISCUSSION**

**8.1.** Demand Projections

**8.2.** Supply Projections

**8.3.** Foreign Trade Projections

#### **9. POSSIBILITIES OF SPANISH COMPANIES IN TURKISH MARKET**

#### **10. LIST OF COMPANIES OF SECTOR**

**10.1.** Food Machine Producer

**10.2.** Food Machine Importer

**10.3.** Food Machine Users (Food Industry)

#### **11. USEFULL ADDRESSES**

## INTRODUCTION

Turkey maintains its progress with progress plans which are prepared for five years duration since 1963. Food industry has special Commission and all improvement progress will occur with this plan. There is not any specific “**Food Machine**” special report up to this time. This report is the first reference due to Turkish Food Machine Industry in details.

During the preparation of this report **Agricultural and Rural Affairs (MARA), Under Secretariat of Foreign Trade, State Statistic Institute, State Developing Agency, Export Promotion Centre, Union Chambers of Commerce, Industry, Maritime Commerce & Commodity Exchanges** of Turkey data were examined for including all data in the report.

During the preparation for getting real data and parameters inventory form were prepared and send to all related companies or filled by visiting some companies. After returning all inventory forms all data very examined very carefully due to getting real conditions of food machine industry.

**Food Machine** sector is the main sector which constructing collaborative study with Turkey and Spanish company. In this sector; sub sectors are as follows; **Fruit and Vegetable Processing Industry, Dairy and Dairy Product Industry, Meat and Meat Product Industry, Bread, Pastry and Milling Industry, Sugar and Confectionery Industry and Food Packaging Industry.**

Concerning every sector is examined for food machine production, import and export conditions. After that food machine industry demand analysis were determined. Also marketing of food machine sector for projection were examined Spain food machine companies condition were examined in the Turkish food machine market. At the end Turkish Food Industry producer, importer and food machine users addresses were declared for Spanish companies benefits.

## SUMMARY AND CONCLUSION

Turkey's population is 68 million and this huge people produce and consume food, beverages, tobacco which total amount is 75 billion US Dollar.

Agricultural and Rural Affairs performed food sector inventory for 2 years duration in a pair of years. For this reason we declared the results of food inventory due to lack of statistical parameters. In Turkey, food production companies total number is 27.543 according to the Agricultural and Rural Affairs. Survey in 2000. This companies distribution and located area are illustrated in Table 1. The economic crisis of 2001-2002 affected negatively in food industry companies numbers were decreased. But we think food inventory results reflected the real conditions of food sector than normal statistical parameters.

**Table 1 : Distribution of Sub Sector of Food Industry and Located City.**

SUB SECTOR of FOOD INDUSTRY	NUMBER	RATIO IN SECTOR (%)	LOCATED CITY	TOTAL RATIO IN TURKEY (%)
Meat and Meat Product Industry	295	1,07	Afyon	29,15
Dairy and Dairy Product Industry	3047	11,06	İzmir	10,44
Fruit and Vegetable Processing Ind	3143	11,42	Aydın	51,57
Marine Products Industry	56	0,20	Çanakkale	14,28
Milling, Bakery and Pastry	18022	65,44	İstanbul	30,60
Vegetable Oil and Margarine Ind.	939	3,40	Aydın	17,25
Confectionery Products Industry	865	3,15	Konya	11,45
Alcoholic Beverages Industry	63	0,23	Tekirdağ	31,75
Soft Drink Industry	88	0,31	İzmir	10,23
Other Food Industry	1025	3,72	Rize	15,51
<b>TOTAL</b>	<b>27543</b>	<b>100,00</b>		

In food industry main sub sectors are wheat flour and flour products (65.4 %), fruit and vegetables processing (11.42 %) and dairy and dairy products industry (11.06 %). Food companies established mainly in Istanbul (23.23 %), Aydın (7.51 %) and İzmir (15.57 %). In the economic crisis in 2000-2002 period many companies affected negatively or stopped their activities.

In food industry food capacity production ratio differs between 15-20 % and 100 %.

In Turkey State Statistic Institute (DIE) is responsible for any statistic knowledge include food machines but in this topic they have some lack of knowledge and inventory. The State Statistic Institute does not perform special "Food Machine" report regularly. On the other hand some factories produce every kind of machine

include food machine and reserve equipment. Recently some machine producers produce only food machine and reserve equipment. In Turkey there is 3000 food machinery producers. These companies produce different kind of food machines. These companies are small scale factory which 1-10 labour works in it. Total production capacity 150.000.000 number a year but production capacity is low like as 25-30 %.

Food machine import total amount is 128.860.000 US Dollar in 1997 and decreased 60.882.000 US Dollar in 2002. Total food machine export is 87.010.000 US Dollar in 1997 and decreased to 53.785.000 US Dollar in 2002. In that period food machinery import and export were decreased 53 % and 38 % respectively. Import and export items include mainly milling, baker, pastry confectionery production machine. Import made from Italy and Germany whereas export is Balkan Countries, Middle East, African countries and Russian Federation.

Food packaging machine import is 160.113.000 US Dollar in 1997 and decreased 90.177.000 US Dollar in 2002. Export is in the same years 11.781.000 US Dollar and 12.995.000 respectively. During these period total food packaging import decreased half of total amount whereas export increased very little amount. Food packaging import are made from Italy and Germany whereas export through to Turkish Republic in Russia, Balkan Countries, Russian Federation.

Food machine sold by branch office of importers or direct selling from importer factories. Transportation and insurance fees are include the sales prices who paid food producers and importers.

Domestic food machine is cheaper 2 or 3 times compare to import food machine prices.

In Turkish food machine market Spanish companies are unknown, whereas Italy and Germany companies are well known for food companies.

Turkish Government signed an Custom Corporation Agreement with European Community (EC) for adopted its regulation and directives to EC regulation. Permanent under-secretary in a State Ministry is responsible all import and export activities.

Dairy and dairy machine import from EC countries deprived custom tax excepted pasteurisation and cream separation. Other all food machine custom tax zero in import.

In Turkey used and renewed food machine import is legal except some dairy sector machine (10 years old) which declared in C.C.C.N. number 8434.

Turkey obey EC regulation concerning food machine and equipment safety in 11 January 2002. All EC regulation made Turkish regulation for food machine safety.

Turkish patent and trade regulation put in order to EC regulation since 1995.

As a conclusion Turkish food machine market will increase approximately 15%. Food machine procurement will be occurred from domestic market for simple machine whereas High Technology food machine procurement from abroad.

Recently food machine import occurred from Italy and Germany. Spanish food companies are still unknown in Turkish market. Spanish companies should be established Turkish branch office and to enter market with the domestic prices.

### 3. ANALYSES OF SUPPLY

#### 3.1. GENERAL INFORMATION

Food machine production sector is a sub-sector of machine production sector which try to increase productivity, decrease prices and increase food quality.

Food industry sector contain 10 sub food sector which all sector expert its own activities (Table 2).

**Table 2 : Food Industry Classification**

1	Fruit and Vegetable Processing Machine
2	Dairy and Dairy Processing Machine
3	Meat and Meat Processing Machine
4	Bakery, Flour Creel Processing Machine
5	Sugar and Confectionery Processing Machine
6	Alcoholic Beverages Processing Machine
7	Marine Processing Machine
8	Soft Beverages Processing Machine
9	Vegetable and Animal Fat Processing Machine
10	Other Food Processing Machine

As shown in Table 2 all food sector used different technology due to their raw material but main unit operation principles are same. For instance pasteurisation of milk and fruit juice, roasted hazelnut, roasted coffee, bread and biscuit cooking are called "Heating". In food machine classification are made concerning heating, cleaning, control drying, evaporation, shaping, raw material preparation, packaging, pumping and separation techniques (Table 2).

In this report fruit and cereals industry, sugar and confectionery industry machine were examined due to their importance for Turkey and Spanish food machine partner on the other hand packaging machine market also were examined due to importance of food, marketing and transportation.

Food machinery's are classified in the **General Industrial Classification of Activities (ISIC Rev3)**. Food stuff code is **29.25**. At the same time Food Machine has special **Customs Co-operation Council Nomenclature (CCCN)** number which called GTIP in Turkish (Table 3).

**Table 3 : Customs Co-operation Council Nomenclature (CCCN)**

<b>C.C.C.N.</b>	<b>TYPE of MACHINE</b>
841720100000	Bread, Pastry and Biscuit Tunnel Owen

843860000012	Fruit and Vegetable Processing Machine and Equipment
843860000013	Shelved Dried Fruit Processing Machine and Equipment
843880101000	Tea Curling and Cutting Machines
843880109000	Coffee Seeds Processing Machine and Equipment
843880910000	Soft Drink Preparation and Production Machine and Equipment
843880991000	Volatile Oil Separation Machine From Orange
843880999011	Fish/Shelved Marine Product Processing Machine and Equipment
843880999019	Food/Drink Preparation Machine and Others
843890001000	Coffee/Tea/Orange Processing Machine Equipment and Reserves
843890009011	Brewing Machine and Reserve Equipment
843890009012	Food/Drink Processing Machine and Equipment
843890009019	Other Food/Drink Machine and Equipment's
847920000019	Animal/Plant Solid /Liquid Oil Processing Machine

## **3.2. MECHANISATION OF FOOD INDUSTRY IN TURKEY**

Food industry is an important agricultural industry which used agricultural based raw material and produce new food product.

Among the 27543 food industry company; 500 companies have more than 50 technical person and employment, these companies used high level technology for high quality food product. Other 500 companies have 10-50 labour and technical person. These companies open minded to technology but due to of financial problem they did not reach high level technology. Other food companies are small and typical family type producer. Also change their thinking way because of the new generation and wants to improve technology level.

## **3.3. MACHINERIES FOR FRUITS and VEGETABLE PROCESSING**

### **3.3.1. GENERAL INFORMATION**

In Turkey; fruit and vegetable processing industry include canned foods, tomato paste, fruit juice, fruit juice concentrate, frozen and dried foods, fruit jam, marmalade and jelly sub sectors.

Fruit and vegetable processing sector inventory were performed in 2000 year by Ministry of Agriculture and Rural Affairs which is illustrated in Table 4. The main sub sector of fruit and vegetable processing sector is dried fruit and vegetable, canned fruit and vegetable, tomato paste and fruit juice production. Real capacity level is 53 % in the all sector. But dried fruit and vegetable real capacity is 59 %, whereas 24 % in canned fruit and vegetable, 42 % in tomato paste and 55 % in the fruit juice production industry. Dried fruit and vegetable industry is located in the Aegean region, tomato paste industry is in the Marmara region, fruit juice and fruit concentrate industry is located in the Middle Anatolia. In all food industry used domestic raw material. In the tomato paste industry, canned fruit and vegetable industry and fruit juice industry have foreign financial partners.

**Table 4 : Fruit and Vegetable Processing Industry Capacity and Real Capacity**

Products	Years							
	1998				2000			
	Number of Company	Established Capacity (Ton/Year)	Production (Ton)	Real Capacity (%)	Number of Company	Established Capacity (Ton/Year)	Production (Ton)	Real Capacity (%)
Dried Grape	21	241.680	95.183	39,4	34	355.088	223.839	63,0
Dried Fig	40	53.345	24.765	46,4	38	95.165	43.210	45,4
Dried Apricot	30	125.969	105.541	83,8	28	88.853	54.001	60,8

Other Products	10	12.470	7.803	62,6	22	135.719	77.569	57,1
<b>TOTAL</b>	<b>2.694</b>	<b>2.626.849</b>	<b>1.115.818</b>	<b>42,5</b>	<b>4.120</b>	<b>3.586.670</b>	<b>1.890.175</b>	<b>52,7</b>

In Turkey fruit and vegetable processing industry produce many product like as canned foods fruit juice, tomato paste, sometime frozen foods in the same factory plant. Generally every company has only one kind of food products and specialist in their works.

Turkish fruit and vegetable processing industry is similar Spanish company. Because two countries climate is similar which produce same kind fruit and vegetable product which used in the Food Industry as a raw material.

### **3.3.2. CAPACITY AND PRODUCTION OF MACHINERIES**

In the case of fruit and vegetable processing machine statistical data were kept in the **State Statistical Institute** (DIE, in Turkish) include import and export details but there is no data for the production of machinery's for these sector. For this reason there is no data for this topic.

Fruit and vegetable processing machine producers are small scale company with produce the machine with food owners order. Fruit and vegetable processing machine producers are located mainly in Istanbul, Bursa, Izmir and Ankara city. Main machine types are breaking, separating, mashing, cleaning, storage equipment.

In this sector Göztepe Machine Moulding, Reserve Equipment Company produce machine such as elevator, conveyer, trembling, washing machine, cooking pans, cooking basket, stone separation machine, stem separation machine, peeling machine, exhaust tunnel, blancher, broiling calibration machine total 148 equipment which the main capacity is 440.

### **3.3.3. IMPORT**

Import of fruit and vegetable processing machine is 45.501.343 US Dollar in 1997, 17.732.000 US Dollar in 2002 (Table 5).

**Table 5 : Import Value of Fruit and Vegetable Processing Machine (US Dollarx1000)**

(\*) : Data is temporary

### 3.3.4. EXPORT

The export value was 2-5 million US Dollars in last 5 years in fruit and vegetable processing machine production (Table 6). Import value of fruit and vegetable machine industry is 5.425.000 US Dollars in 1997, 4.841.000 US Dollars in 2002. Main export is made through to Turkish Republics and Middle East Countries.

**Table 6 : Export Value of Fruit and Vegetable Processing Machine (US Dollar x1000)**

### 3.4. MACHINERIES FOR DAIRY and DAIRY PRODUCT PROCESSING

The conditions of dairy product industry is illustrated in Table 7 which the inventory made by Ministry of Agriculture and Rural Affairs.

Milk production of Turkey is 10.000.000 ton in year and used in 7522 dairy industry. Dairy product industry is mainly located 65 % in Aegean and Marmara Region. 190 dairy industry company has pasteurisation, 13 company has sterilisation system where as other companies has normal heating pots.

**Table 7 : Dairy and Dairy Product Industry Established Capacity and Production Level**

Products	Years							
	1998				2000			
	Number of Company	Established Capacity (Ton/year)	Production (Ton)	Real Capacity (%)	Number of Company	Established Capacity (Ton/year)	Production (Ton)	Real Capacity (%)

<b>TOPLAM</b>	<b>5.810</b>	<b>3.502.726</b>	<b>1.130.440</b>	<b>32,3</b>	<b>7.522</b>	<b>4.840.101</b>	<b>1.083.158</b>	<b>22,4</b>

After international company liked, Danone and Nestle 18 % milk is used in the modern technology equipped dairy industry. The real production capacity is very low nearly 23 %; In the dairy industry small scale company closed where as high tech companies take conditions resulted the high technology in the dairy industry.

### **3.4.2 CAPACITY and PRODUCTION of MACHINERIES**

Milk processing, ice cream and chum machine production and sales amount is illustrated in Table 8.

**Table 8 : Milk processing, ice cream and chum machine production and sales amount**

Year	Total For Year			
	Production Number	Production Value (1000 US \$)	Sales Amount (Number)	Sales Value (1000 US \$)
1998	14907	958.265	14773	947.103
1999	9472	728.443	9635	731.443

2001	7242	435.681	6686	417.367

### 3.4.3. IMPORT

Dairy industry machine import is 11,2 million US Dollar in 1999, where as resulted 4.930.000 US Dollar in 2002. Due to economical recovering machine import ratio will increase in future (Table 9).

**Table 9 : Import Value of Dairy and Dairy Product Processing Machine (1000x US Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*

### 3.4.4. EXPORT

Dairy industry machine export is 2 million US Dollars in last years (Table 10) whereas 2.234.000 US Dollars in 2002.

**Table 10 : Export Value of Dairy and Dairy Product Processing Machine (x1000 US Dollars)**

G.T.I.P.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*

### 3.5. MACHINERIES FOR MEAT and MEAT PRODUCT PROCESSING

Red meat product industry company number, production amount, capacity and real capacity were determined by Ministry of Agriculture and Rural Affairs inventory is shown in Table11.

**Table 11 : Meat and Meat Product Processing Industry Number, Established and Real Capacity Level**

Products	Years							
	1998				2000			
	Number of Company	Established Capacity (Ton/year)	Production (Ton)	Real Capacity (%)	Number of Company	Established Capacity (Ton/year)	Production (Ton)	Real Capacity (%)
Preserve of Dried Meat	72	23.303	4.170	17,89	60	11.502	1.680	14,6
Fermented Sausage	403	131.718	31.967	24,27	1.870	72.200	35.646	49,4
Salami	54	53.521	18.436	34,45	70	38.434	14.262	37,1
Sausage	47	41.867	13.632	32,56	64	31.218	15.597	50,0
Ham	13	1.542	722	46,82	20	2.741	1.227	44,8
Ready Product	10	19.343	14.407	74,48	27	38.248	25.040	65,5
Smoked Tongue	5	167	27	16,17	13	2.350	241	10,2
Frozen Meat	8	34.000	14.566	42,84	13	66.259	23.438	35,4
Fried Meat	29	21.459	4.544	21,18	30	10.603	3.430	32,3
Jelly-Tripe	3	327	22	6,73	5	577	106	18,4
Other	-	-	-	-	2	2.059	332	16,1
<b>TOTAL</b>	<b>644</b>	<b>327.247</b>	<b>102.493</b>	<b>31,3</b>	<b>2.174</b>	<b>276.191</b>	<b>120.999</b>	<b>43,8</b>

As shown in Table 11 in Turkey meat industry company number is 2174 and total capacity 276191 ton per year in 2000. Annual production is 120999 ton and real capacity level is 43,8 %. In 2002 there is 66 poultry slaughterhouse which 40 of them are integrated plants.

Poultry industry has 1050000 ton slaughtering capacity, production is 700.000 ton per year and real capacity is 66,7 %.

According the data in 2002 year marine products company number is 78 which their total capacity is 280.000 ton per year and real capacity is 38,59 %. Due to changing consumer typed red meat consuming is decreased whereas poultry meat is increased.

### 3.5.2. CAPACITY and PRODUCTION of MACHINERIES

There is no official and statistical data concerning meat product machinery production. Due to last economical crisis meat production machine producer nearly stopped their activities. In this sector main machine producer is Abant Food Machinery Ltd. which produce 110 machine in 2002.

### 3.5.3. IMPORT

The import of meat industry machinery shows very deep difference in last 5 years which total import amount is 4-20 million US Dollars (Table 12).

**Table 12 : Import of Meat and Meat Product Machine (x1000 US Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*
841989989011	Smoked Machine	11	125	73	291	62	93

843880999011	Fish/Shelved Marine Preparation Mac.	130	15	50	308	24	463
<b>TOTAL</b>		<b>8,874</b>	<b>6,819</b>	<b>14,317</b>	<b>19,973</b>	<b>4,231</b>	<b>4,074</b>

(\*) : Data is temporary

Import of meat and meat product value is 14.317.000 US Dollar in 1999 whereas 4.074.000 US Dollar in 2002. Main import is related generally for slaughtering-house (Table 12).

### 3.5.4. EXPORT

Meat and meat product industry processing machine export is very little which illustrated in Table 13.

**Table 13 : Export Value of Meat and Meat Product Machine (x1000 US Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*

## 3.6. MACHINERIES FOR MILLING, BAKERY and PASTRY

### 3.6.1. GENERAL INFORMATION of INDUSTRY

Milling, bakery and pastry industry company number, production amount capacity and real capacity were determined by Ministry of Agriculture and Rural Affairs inventory is shown in Table 14.

**Table 14 : Wheat Flour and Bread Pastry Industry Established Capacity and Real Capacity**

Products	Years							
	1998				2000			
	Number of Company	Establish Capacity (Ton/year)	Production (Ton)	Real Capacity (%)	Number of Company	Establish Capacity (Ton/year)	Production (Ton)	Real Capacity (%)
Wheat Flour	2.480	20.566.833	10.732.817	50,9	5.138	25.552.761	18.743.154	73,3
Bread	12.056	15.331.207	6.309.827	41,2	12.197	40.505.831	4.831.981	11,9

Semolina	12	149.860	67.835	45,3	23	456.331	178.095	39,0
Other cereals	3	2.881	2.581	89,6	20	113.292	45.869	40,5
Other products	93	57.128	16.237	28,4	4.267	532.876	241.878	45,4
<b>TOTAL</b>	<b>15.429</b>	<b>38.759.398</b>	<b>18.549.529</b>	<b>47,9</b>	<b>24.578</b>	<b>70.109.818</b>	<b>25.400.223</b>	<b>36,2</b>

In this sector main products are wheat flour and bread. Total wheat flour and semolina production are total 18,7 million ton per year. Milling plant bread industry mainly distributed all the Turkey but located Central Anatolia, Marmara, Aegean, South East of Anatolia. Bread factory is small scale but recently big bread factory is established all over the cities.

Pasta industry is also the other business sector in this sector. In this sector established capacity is 1.040.000 ton per year, also production is 609.000 ton per year. Pasta (Macaroni) factories all modern well-equipped and integrated plant and located in South East, Aegean, Middle Anatolia.

Biscuit industry is also the other main sector include 35 plant which located in Marmara and Middle Anatolia Their production amount is 296.000 ton per year where as established capacity 506.000 ton per year.

### 3.6.2. CAPACITY and PRODUCTION of MACHINERIES

Bread, biscuit and other pastry machine production amount is illustrated in Table 15.

**Table 15 : Bread, Biscuit and Pastry Machine Production**

Years	Total For Year			
	Amount of Production(Number)	Production Value (1000 US \$)	Amount of Sales (Number)	Total Sales Amount (1000 US \$)
1998	1974	9.113.846	2014	9.222.092
1999	2098	5.508.427	2119	5.570.732
2000	3895	11.547.687	3889	11.510.300
2001	3765	7.378.240	3759	7.375.501

As shown in Table 15, bread and pastry machine production recently is increased and reached 3765 number in 2001. Main machine products are milling wheat dough processing machine which producers are located in Konya, Gaziantep, Çorum, Ankara and Istanbul cities. Last years small scale factories improve their production become big factories or closed their activities. Machine demand will be increased nearly 10 % in this sector.

### 3.6.3. IMPORT

Milling and Pastry industry machine import is increased in last 5 years and reached to 11-50 million US Dollars recently (Table 16).

**Table 16 : Milling, Oven, Wheat Dough Machine Import Value (1000 xUS Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*
841720100000	Bread, Pastry, Biscuit Tunnel Owen	927	1,132	207	1,586	159	872

<b>TOTAL</b>		<b>29,583</b>	<b>49,416</b>	<b>30,377</b>	<b>20,263</b>	<b>11,523</b>	<b>18,460</b>

(\*) : Data is temporary

Import is 49416000 US Dollar in 1998 and 18.460.000 US Dollar in 2002. All import is performed from EC countries.

### 3.6.4. EXPORT

Milling, bread and pastry machine export is 51.907.000 US Dollar in 1997, 42.863.000 in 2002 (Table 17).

**Table 17 : Export of Milling, Bread and Pastry Machine Value (1000 xUS Dollar)**

<b>TOTAL</b>		<b>51,907</b>	<b>52,502</b>	<b>35,512</b>	<b>52,684</b>	<b>48,997</b>	<b>42,863</b>

(\*) : Data is temporary

Main export items are milling and wheat flour equipment. Main export is performed to Turkish Republics, Balkan, Middle East, Africa countries and Russian Federation. Recently export is done to European Union Countries.

### **3.7. MACHINERIES FOR SUGAR and CONFECTIONERIES**

#### **3.7.1. GENERAL INFORMATION of INDUSTRY**

Sugar and confectioneries industry production amount is determined by Ministry of Agriculture and Rural Affairs inventory in 2000 (Table 18). In Turkey sugar production 2,7 million ton in 1998, whereas decreased in 2000 to 2,250 million ton. In Turkey main sugar raw material is sugar beet which price is increased due to sugar beet prices.

Chewing gum, chocolate, cocoa based products were produced in small plants which lease than 50 labour work in it. Turkish delight, halvah and confectionery production is traditional activities mainly produced in the small scale plants. Big

factories are located in Eskişehir, İstanbul, Gaziantep, İzmir, Kocaeli, Karaman and Konya City.

**Table 18 : Sugar and Confectionery Sector Company Number, Established Capacity, Production and Capacity**

Product	Years							
	1998				2000			
	Number of Company	Established Capacity (Ton/year)	Production (Ton)	Real Capacity (%)	Number of Company	Established Capacity (Ton/year)	Production (Ton)	Real Capacity (%)

<b>TOPLAM</b>	<b>9.128</b>	<b>3.434.206</b>	<b>3.257.424</b>	<b>94,8</b>	<b>2.782</b>	<b>4.163.008</b>	<b>3.822.481</b>	<b>91,8</b>

### 3.7.2. CAPACITY and PRODUCTION of MACHINERIES

Sugar and confectionery industry machine production is shown in Table 19.

**Table 19 : Machine Production of Sugar and Confectioneries (US Dollar x1000)**

Years	Total For Year			
	Amount of Production (Number)	Production Value (1000 US \$)	Amount of Sales (Number)	Sales Value (1000 US \$)
1998	1250	3.273.369	1573	4.869.200
1999	965	2.543.200	878	2.214.727
2000	675	3.646.936	441	2.264.299
2001	650	2.494.965	733	2.903.883

Machine production was 1250 in 1998 and decreased 650 in 2001 for sugar and confectionery.

### 3.7.3. IMPORT

Sugar and confectionery industry machine import is 20.738.000 US Dollar in 1997 and 15.686.000 US Dollar in 2002 (Table 20).

**Table 20 : Import of Sugar and Confectioneries Machines (US Dollar x1000)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*
843820000000	Confectioneries/Cocoa/Chocolate Machines and Equipment	16,146	10,239	2,713	11,270	4,348	15,000
843830000000	Confectioneries Production Machines and Equipment	4,592	830	1,069	3,250	1,323	686
<b>TOTAL</b>		<b>20,738</b>	<b>11,069</b>	<b>3,782</b>	<b>14,520</b>	<b>5,671</b>	<b>15,686</b>

(\*) : Data is temporary

### 3.7.4. EXPORT

Sugar and confectioneries machine export is 25.412.000 US Dollar in 1997 and decreased 3.282.000 US Dollar in 2002 (Table 21).

**Table 21 : Export of Sugar and Confectioneries Machines (1000x US Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*
843820000000	Confectioneries/Cocoa/Chocolate Machines and Equipment	1,437	894	723	2,018	1,481	2,662
843830000000	Confectioneries Production Machines and Equipment	23,975	14,509	1,494	700	795	620
<b>TOTAL</b>		<b>25,412</b>	<b>15,403</b>	<b>2,217</b>	<b>2,718</b>	<b>2,276</b>	<b>3,282</b>

(\*) : Data is temporary

Concerning high export amount of sugar and confectionery industry in 1997 and 1998 are related to construct new sugar factory in Turkish Republics.

## 3.8. MACHINERIES FOR FOOD PACKAGING

### 3.8.1. GENERAL INFORMATION of INDUSTRY

Last year due to economical crisis in Turkey, packaging industry production became dull. But governmental measures will recovery the problem soon and packaging industry will show big grow up.

Main food packaging materials are 5 groups which; paper-cartoon, plastic, glass, metal, wood base material. Packaging industry production and capacity value is shown in Table 22 for Turkey.

**Table 22 : Turkish Packaging Industry Production Capacity and Real Capacity**

Packaging Material	Capacity (ton)	Production (ton)(1996)	Real Capacity (%) (1996)	Production (ton)( 2000 )	Real Capacity (%) (2000)
Paper	127.950	88.474	69.1	107.000	90,8
Cartoon	322.000	171.337	53.2	148.500	46,0
Cardboard	1.345.000	562.820	41.9	717.000	53,4
Plastic (*)	800.000	480.000	60.0	530.000	66,2
Flexible	120.000	82.387	68.7	92.500	75,1
Tin (Fe+Al)	500.000	100.000	20.0	360.000	70,0
Glass	300.000	200.000	66.7	200.000	66,6
Wood	450.000	300.000	66.7	350.000	77,7
<b>TOTAL</b>	<b>3.964.950</b>	<b>1.885.018</b>	<b>47.5</b>	<b>2.505.000</b>	<b>60,7</b>

(\*): Only for packaging material, not other plastic material

### 3.8.2. CAPACITY and PRODUCTION of MACHINERIES

There is not enough data for food packaging machine. Main company of this sector is “Screenwriter Packaging Industry Import and Export” which production value in 2002; 408 number machine and 2 million US Dollar. Due to consumer conscious; consumption will increase 12 % for each year.

### 3.8.3. IMPORT

Food packaging machine import is shown in Table 23.

**Table 23 : The Import of Food Packaging Machine (1000xUS Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*
842230000000	Bottle, Can, Filling and Soft Drink Carbonated Machines	40,096	54,386	43,024	32,265	19,463	27,350
842240000000	Other Packaging Machines	101,808	93,939	56,858	53,706	52,053	47,620
842290900011	Reserve Equipment of Other Packaging Machines	8,829	8,419	8,979	7,916	6,567	7,912
842290900019	Other Labelling and Coding Machine Equipment	9,380	14,787	10,928	12,622	6,439	7,295
<b>TOTAL</b>		<b>160,113</b>	<b>171,531</b>	<b>119,789</b>	<b>106,509</b>	<b>84,522</b>	<b>90,177</b>

(\*) : Data is temporary

The import of packaging machine is 160.113.000 US Dollar in 1997 and 90.177.000 US Dollar in 2002. Generally import is made from Italy and Germany mostly food packaging machine in the total of food production machine.

### 3.8.4. EXPORT

Food packaging machine export value is illustrated in Table 24.

**Table 24 : The Export of Food Packaging Machine (1000xUS Dollar)**

C.C.C.N.	Machine Type	Years					
		1997	1998	1999	2000	2001	2002*
842230000000	Bottle, Can, Filling and Soft Drink Carbonated Machines	2,155	1,904	2,402	2,961	4,902	3,275
842240000000	Other Packaging Machines	8,134	6,272	6,241	8,434	5,980	8,923
842290900011	Reserve Equipment of Other Packaging Machines	812	213	356	483	810	435
842290900019	Other Labelling and Coding Machine Equipment	690	703	741	893	370	362
<b>TOTAL</b>		<b>11,781</b>	<b>9,092</b>	<b>9,440</b>	<b>12,771</b>	<b>12,062</b>	<b>12,995</b>

(\*) : Data is temporary

Food packaging machine export value is 9-13 million US Dollar between 1997 to 2002.

Export is made to Romania, Egypt, Nigeria and last 2 years to Italy and Algeria.

## 4. ANALYSIS of DEMAND

### 4.1. MARKET SIZE

Turkey prepare its developing plans in the duration of every five years. Every thematic topics have special commission for report preparation. But there is no food machine report up to now. In chapter 3; fruit and vegetable processing industry, meat and meat product industry, bread milling, and pastry product industry, sugar and confectionery industry production, capacity and sub-sector data were shown on the other hand in chapter 3 food packaging machine knowledge were declared also import and food value.

Total food sector contain 28000 food company but 500 company have more than 50 person but others small or middle scale companies. Food sub sectors are

milling, bakery and pastry industry, meat and meat products industry, dairy and dairy products, vegetable oil and margarine, fruit and vegetable processing industry. All food sector production value is given in Table 25.

**Table 25 : Food Industry Production Value (US Dollar in 1998 year price)**

FOOD SECTOR	YEARS				YEARS INCREASEMENT %		
	1999	2000	2001	2002	2000	2001	2002
Meat and Meat Industry	3.629.177	3.934.777	3.563.808	3.647.519	8,4	-9,4	2,3
Dairy and Dairy Product Ind.	3.147.700	3.486.896	3.517.450	3.616.688	8,0	0,9	2,8
Marine Product Ind.	248.512	259.134	336.019	354.480	4,3	29,7	5,5
Milling, Bakery, Pastry Ind.	9.812.454	9.974.854	10.054.650	10.229.242	1,7	0,8	1,7
Fruit and Vegetable Processing Ind.	1.801.004	1.661.142	1.760.404	1.817.031	-7,8	6,0	3,2
Vegetable Oil Ind.	2.488.038	2.203.019	2.258.823	2.045.112	-11,5	2,5	-9,5
Sugar and Confectionery Ind.	2.972.342	3.347.438	2.756.365	2.718.473	15,5	-17,7	-1,4
Feed Industry	1.094.981	1.208.742	961.623	1.034.200	10,4	-20,4	7,5
<b>TOTAL</b>	<b>25.194.204</b>	<b>26.076.000</b>	<b>25.209.146</b>	<b>25.462.742</b>	<b>3,5</b>	<b>-3,3</b>	<b>1,0</b>

There is no enough parameter for food industry projection for increasing. State Developing Plan Organisation is planning 10 % developing for food industry these coming years. Due to new of food industry food machine demand will be increase nearly 15 % for every year. In the sub sector most demand will be increase in the food packaging and fruit and vegetable processing industry.

Due to take a part in the Turkish food industry, Spanish company should make an effort for advertisement and show their machine. In this case food fairs will be helpful or to have active distributor company which well known in the food industry. Also price should be check concerning other countries. Generally food industry think to import machine from Italy and Germany due to food fairs and large amount machine import from 2 countries.

## 4.2. CONSUMPTION

Generally food industry owners want to buy their machine demand in domestic company. Domestic production demand / cover ratio is 45 % in 1998 and increase and approached to 78 % in 2002 (Table 26).

Import food machine items include new technology food machine and specific equipment which do not make in Turkey food machine companies.

**Table 26 : Domestic product demand / cover Ratio (%)**

<b>YEARS</b>	1998	1999	2000	2001	2002
<b>DEMAND / COVER RATIO (%)</b>	45	69	63	72	78

Most desirable and used foreign company trade are Stork, Heinen, Cattaruzzi, Hermann, Gea, Sanova, Moba, Lurgi, APM, BAYLE, Convenience Food Systems, Flexy, Frey, Paoli, Poly-pack, Max, Geneglance, Jarvis, Lavezzini, Verner Teknovac, Supervac, Spi Komat, Sperotto, Shikiri, GNA Project Packaging Machines, Serac S.A., TMG Implanti, CAMA Group, PE Labellers, DIMAC Spa, Sipac, G. Mondini Spa, Grunwald, De smet, Rade Maker, Ecoflex, New-pack, BMA, Dorit, Hoegger Alpina, VC 999, Kerres Smoke-air, Klöckner, Lagarde, Roser and Tkeif, Velati.

#### **4.3. PRODUCT**

In Turkey food machine production began in 1970 but needs to much effort and labour. Except some machine like as HTST and evaporator can produce in Turkey.

Production is made in Istanbul, Ankara, İzmir, Konya, Bursa, Gaziantep, Çorum and Adapazarı city. Not only machine producers also reserve material and equipment company number is increased which is very good food machinery for improving their potential.

Serial production technique did not use in the food machine production industry except bread and pastry machine production.

In Turkey recently machine producers follow world trade consumer demand and new technology for their improvement. This issue makes prices high. In Turkey labour and engineering prices not so high. For this reason they have advantage in the sector competition. This good situation helps Turkish machine companies with foreign countries for machine production through 3. group countries export and renew activities.

Food machine producers aim was only domestic bazaar up to 1990. Export is made to Middle East, African countries, Balkan Countries, Russian Federation and Turkish Republics.

Food machinery production amount will be increased 12 % related to food industry improvement. Traditional techniques like as drying, cooking drain, sorting, breaking, mashing, mixing, dividing machine production and export value will increase very soon.

## **5. MARKETING FACTORS**

### **5.1. DISTRIBUTION CHANNELS**

All food industry machine were marketing, including producers and importers distribute by their own branch, distributors or directly from production area.

### **5.2. WHOLESALE and RETAIL MARKETS**

All food machine producers (producer and importer) have their own branch and distributors which spread all over Turkey. After having order from industry, producer send to food machine to your branch or distributor, sales were performing by branch office. Sometimes food machine producers have special order from food industry and marketing realised. After contracting for producing food machine; producer and importer should mounted machine and make quarantine to repair defects and periodical care. All these activities responsibility should kept by producer and importer.

### **5.3. TRADE FAIRS of FOOD INDUSTRY**

The most important and old fair of Turkey is İzmir International Fairs between 20 August to 20 September. But this fair generally is not and specialisation fair. But since 15 years specialisation fair held in Turkey. Concerning food machine fair; every May, September and October fairs are important which held in Istanbul. But this fair began 10 years before. Turkey food fairs knowledge are shown below in detail.

#### **FOODEX-2003**

#### **4.Food, Drinks and Their Products Technology Fairs**

8-12 Ekim/OCTOBER – 2003 İSTANBUL

TÜYAP Tüm Fuarçılık Yapım A.Ş.

Tüyap Fair and Congress Centre Beylikdüzü-Büyükçekmece-İSTANBUL

Tel:+90.212.886.68.43 Fax:+90.212.886.62.43

[www.tuyap.com](http://www.tuyap.com)

e-mail: [fairare@tuyap.com](mailto:fairare@tuyap.com)

Food Technology fairs was held in Konya, Antalya, İzmir, Gaziantep and Bursa with local scale near main fairs.

TUYAP, HKF, CNR and COMART are the main fair organisation companies try to spread fair to annual and international scale. For gathering domestic and international visitors companies have big effort. As a results of their effort the number visitors and application number will increase. Istanbul is the very suitable fair location which gather European, Asian and African countries applicant by 2-6 hours direct flight.

Under-secretary of Trade Exterior directive which published 31 December 2001 dated and 24627 official journal number international firm can join to fair just only to exhibition their product. They can not sell their product retail in the fair. But after the fair retail product could be import by the customs regulation directives.

#### **5.4. TRANSPORT**

Food machine transportation made by overland route. Concerning import and export surface mail is desirable transportation type.

Every tax and transportation fee, insurance fee, damage fee responsibility belong to food machine producers and importers. For this reason food machine producers and importers arrange transportation and mounting the machine to food industry with the operation situation.

#### **5.5. PROMOTION and ADVERTISEMENT**

Government prepared and published "State Investment Aid and Investment Encouragement" directive dated 21 December 2000 and number 1821 for decreasing immoderate situation, increasing employment, high technology.

For Investment encouragement directive application method and regulation is published by Under-secretary of Trade Exterior dated 18 February 2001 and number 2001/1.

State support generally for small scale companies (name KOBİ in Turkish) which employee numbers are 50-250 for save the nature, improving technology, technopark, research development activities. This companies improve the

employment, value added tax, income tax. These aid contain tax, expenditure expenses and fond credit.

At the same time state give the companies many support like as Patent and Trade Support, Fair Supports, Research Development (AR-GE) Support, Technology Supports, Personnel and Adviser Support, Computers and Rigging Supports, Branch Office in Abroad Supports, Energy Supports. This directive date 23 January 1998 and number 4325. This support is given to local companies which held in the South East and East of Turkey. Local support direction is regulated by the directive of Council of Ministers which number 98/1. Food machine producers can get these supports which declared in the bottom.

## **5.6. PRICES**

Food machine prices depend on technical features which show big difference. For this reason it is difficult to describe the food machine price.

Domestic produced food machine price is cheaper half or one third compare to import items due to cheap labour and engineering fees. Domestic produced machine safety and quality certificate procedure is began recently.

In domestic product quality changeable some of them is good quality, the others is lack of quality. Due the economical crisis food industry prefers cheap equipment. After recovering crisis food industry go towards to quality.

Spanish food machine producers still unknown in Turkish food sector. The main food companies are Italian and German which industry has good relation with them.

For Spanish company, most important topic is to have one distributor branch and keep price low for promotion for racing with Italian and German company. Spanish company food machine price should be equal nearly to Turkish producers price. This advice is not for Spanish company also for all companies which try to go to the Turkish food machine market. After to be well known food machine price is became normal price.

## 5.7. SECTORAL JOURNAL and ASSOCIATION

There is not any food machine association and journal. But machine producers have their association and communication address which shown below. There is some advertisement in the food journal related food machine which shown below.

### GIDA MAKİNE ÜRETİCİLERİ DERNEĞİ

## **6. MARKET ACCESS**

### **6.1. TRADE POLICY REGIME**

Turkey signed an agreement with European Community concerning Custom Regulation in 1995. At the same time Turkey try to regulate their law, trade and technical regulation to EC.

In Turkey, import is performing due to “IMPORT REGIME” regulation which prepared and published by Ministry Council in 31 December 1995 dated and 22510 number for improving international trade circumstances. This regulation main goal is supporting import activities and describing import route.

All import and export activities is performing by Under-secretary of Trade Exterior. All directives related export and import activities, collected and controlled by Export Promotion Centre (İGEME).

All these regulate and directives same as in the food sector.

### **6.2. TARIFFS**

Tariffs rules and directives were published instate journal by Ministry of Council dated 31 December 1995 and 22510 number. According to directive “Custom Tax Ratio” and “Collected Residence Fund” list were prepared. This list has 12 rung and 94 different topic which harmonious with international nomenclature. All topics were harmonised with EC countries regulation. Every topic has different Custom Tariffs Statistical Number (CCCN). Every topic has different Custom Tax Ratio which illustrated is in the Table 27.

Custom Tax Ratio is calculated for EC (European Community), EFTA (European Free Trade Agreement) and FTA (Free Trade Agreement). This custom tax ratio somehow different with other countries.

Food Machine List is declared in the 84 topic. Import of food machine tax zero or none from EC (Table 27). For instance bread, pastry, biscuit tunnel has 841720100000 CCCN number. Import tax from EC and EFTA countries zero and other countries tax is 1,7 %.

Cheese production machine and equipment's CCCN number is 843420000012 and import tax is zero.

**Table 27 : Food Machine and Food Packaging Machine Custom Tax Ratio**

C.C.C.N.	MACHINE TYPE	Custom Tax Ratio (%)		
		EC <sup>1</sup>	EFTA <sup>2</sup> and FTA <sup>3</sup>	OC <sup>4</sup>
841720100000	Tunnel oven for bread, pastry and biscuits	0	0	1,7

### 6.3. QUANTATIVE RESTRICTIONS

There is not any restrict concerning import of food machine from European countries but there is some directives for import regulations which publish from Exterior Trade Under-secretary.

This is one regulation dated 31 December 2001 and numbered 24627 which published in official state Journal According to the this regulation; up the 10 years old dairy industry machine except all food industry machine can import which CCCN number is 8434. There is not any restrict for food machine. In the case of new investment there is not any custom tax and value-added fax for food machine and equipment.

## 6.4. REGULATIONS

Turkey try to regulate own laws to European Countries Laws for this aim Turkey publish 4703 number Laws which related Technical is sue. CE suitability certificate is necessary for food machine in Turkey like as European Countries. The main point of this law to keep safety of food machine in the domestic and import machine.

The aim of this Law to keep safety for domestic and import machine and equipments. Here is declared machine, different food processing machine and other reserve equipments. New directives and regulations which published in the State Journal is shown in Table 28 also dates and number. For instance "hot water boilers and machine harmonised EC regulations published in the State Journal dated 31 March 2002 and with 24712 number by Industry and Trade Ministry. This regulation will be valid after 1 year later. According the this regulation every hot water boilers and machine producers should be attached EC code to their products.

In this transition period producers should be used either CE code or previous regulations compulsory rules and give their product to market.

Machine safety directives also published in State Journal at 05 June 2002 numbered 24776 and CE code responsibility will begin after 18 months later. This transition period producers are free to use either previous regulations or new machine safety directives in their products for marketing.

**Table 28 : The Regulations and published dates in the case of EC harmonisation scope**

<b>Product Name</b>	<b>EU New Directives</b>	<b>Responsibility Founding From Harmonisation</b>	<b>Related Turkish Laws</b>	<b>Late Official Journal Date and Number</b>	<b>Validity Date</b>
Simple pressure vessels	Simple pressure vessels (87/404/EEC; 90/488/EEC; 93/68/EEC)	Sanayi ve Ticaret Bakanlığı (Ministry of industry)	Basit Basıncılı Kaplar Yönetmeliği	31.03.2002 24712	31.03.2003
Hot water boilers	Hot water boilers (92/42/EEC; 93/68/EEC)	Sanayi ve Ticaret Bakanlığı	Yeni Sıcak Su Kazanlarına Dair Yönetmelik	31.03.2002 24712	31.03.2003
Electromagnetic compatibility	Electromagnetic compatibility (89/336/EEC; 92/32/EEC; 93/68/EEC)	Sanayi ve Ticaret Bakanlığı	Elektromagnetik Uygunluk Yönetmeliği	02.06.2002 24773	02.06.2002
Machines	Machinery (98/37/EC)	Sanayi ve Ticaret Bakanlığı	Makine Emniyeti Yönetmeliği	05.06.2002 24776	Valid on time. But there is a passing process up to 05.12.2003 for adaptation.
Non-automatic weighing instruments	Non-automatic weighing instruments (90/384/EEC; 93/68/EEC)	Sanayi ve Ticaret Bakanlığı	Otomatik Olmayan Tartı Aletleri Yönetmeliği	17.04.2002 24729	01.06.2003
Freezers	Household electric refrigerators, freezers and combinations (96/57/EC)	Sanayi ve Ticaret Bakanlığı			
Pressure equipment	Pressure equipment (97/23/EC)	Sanayi ve Ticaret Bakanlığı	Basıncılı Ekipmanlar Yönetmeliği	10.04.2002 24722	01.07.2003

Turkey established Turkish Patent Institute for EC candidates framework in 24 June 1994 and change this Patent and Trade Laws for EC harmonisation in 26 June 1995. With this Law all domestic and foreign brand and invention rights keep. Imitation and to use other people invention prohibited restrictly. Other wise money and jail punishment will happen to related person.

## 7. MAIN TURKISH COMPANIES OF FOOD MACHINERY SECTOR

The information about the food machines are collected by face to face meetings, web sites, questionnaires, Industry Associations.

### 7.1. MAIN MACHINE PRODUCERS OF FRUIT AND VEGETABLES PROCESSING

<b>BİGTEM MAKİNE ENDÜSTRİSİ A.Ş.</b>	
Representative	: Bengisu Fatoğlu
Address	: Çeşme Cad. Orhanlı Köyü No:39 Tuzla, Pendik 81474 İSTANBUL
Phone	: +90 216-394 41 89
Fax	: +90 216-394 41 95
Produced Type of Machine	: Raisin processing and packaging line, 2 coil screw dryers & elevator & belt pres, fresh and cherry processing and packaging system, potato sorting system cleaning system. Dried apricot processing packaging system garlic processing and packaging line. Fresh and baby type carrot production and packaging system, tomato paste production & canning plant, canned fish production line.

<b>GÖZTEPE MAKİNA LTD. ŞTİ.</b>	
Established in	: 1979
Representative	: Ahmet GÖZTEPE
Address	: Oto San. Sit. 14. Sok. 41. Blok No:116 16350 BURSA
Phone	: +90 224-346 05 53
Fax	: +90 224-346 05 56
Web	: <a href="http://www.goztepemakina.com">www.goztepemakina.com</a>
E – mail	: <a href="mailto:info@goztepemakina.com">info@goztepemakina.com</a>
Produced Type of Machine	: Vegetable processing lines, Fruit processing lines, Complete Processing lines, Special processing lines,Conveyor systems,
Cooking	: Slicing, stripe and dicing machines, Leaf vegetable dicer, Automatic stalk taking machines, Universal washer,
Number of Sellers	: 26

**KURTSAN PASLANMAZ ÇELİK END. MAK. TESİSLERİ**  
**İTH. İHR. TİC. SAN. LTD. ŞTİ.**

Established in	: 1977
Address	: Demirtaş Organize San. Böl. Mustafa Karaer Cad. No:31 BURSA
Phone	: +90 224-261 06 30 (4 lines)
Fax	: +90 224-262 06 29
Web	: <a href="http://www.kurtsanpaslanmaz.com">www.kurtsanpaslanmaz.com</a>
E – mail	: <a href="mailto:kurtsan@kurtsanpaslanmaz.com">kurtsan@kurtsanpaslanmaz.com</a>
Produced Type of Machine	: Fruit, vegetable and milk processing lines, sea-processing lines, drying and roasting lines, pickle and vinegar fermentation lines, fruit juice and concentration lines, biscuit, chocolate and sugaring lines, potato and starch lines
Number of Sellers	: 45
Export	: Azerbaijan, Uzbekistan, Kazakhstan, Germany

**7.2. MAIN MACHINE PRODUCERS FOR MILK AND DAIRY PRODUCT  
PROCESSING**

**KROMEL MAKİNA SAN. ve TİC. A.Ş.**

Established in	: 1981
Representative	: İsmet ÇALIŞKAN
Address	: Organize San Bölgesi Hanlı Beldesi No:11 54060 SAKARYA
Phone	: +90 264-276 84 66 pbx
Fax	: +90 264-276 87 20-21
Web	: <a href="http://www.kromel.com.tr">www.kromel.com.tr</a>
E – mail	: <a href="mailto:kromel@kromel.com.tr">kromel@kromel.com.tr</a>
Produced Type of Machine	: Cheese Production Machines, Chase Production Lines, Milk Cooling Tanks, Evaporators; Yoghurt, Butter, Yoghurt With Water, Milk and Fruit Juice Processing Lines; Centrifuge Pumps
Quality Certificates	: ISO 9000, CEE Certified
Number of Sellers	: 90
Export	: Syria, Rumania, Algeria, Egypt, Tataristan, Belgium, Uzbekistan, Kazakhstan

**PASTÖR ENDÜSTRİ MAKİNALARI SAN. ve TİC. A.Ş.**

Established in : 2001  
Representative : Uğur DEMİRCİOĞLU  
Address : Kışla Cad. Emintaş Rami Sitesi No:123/280 Rami-  
İSTANBUL  
Phone : +90 212-674 01 09  
Fax : +90 212-576 10 63  
Web : [www.pastormakina.com](http://www.pastormakina.com)  
E – mail : [info@pastormakina.com](mailto:info@pastormakina.com)  
Produced Type of Machine : Plate heater, cooler, plate heat exchanger tubular  
heating, tubular pasteurisation, plate sterilization,  
stainless still equipment  
Number of Sellers : 22  
Export : Egypt, Rumania, Yugoslavia, Algeria

**SEZER TARIM ORMAN ve END. PARÇA MAK. SAN. TIC. LTD. ŞTİ.**

Established in : 1978  
Representative : Nizam Sezer  
Address : Sanayi Sitesi 9.Ada No:152 16700 Karacabey-BURSA  
Phone : +90 224-671 80 04  
Fax : +90 224-671 81 65  
Web : [www.sezermac.com](http://www.sezermac.com)  
E – mail : [sezer@sezermac.com](mailto:sezer@sezermac.com)  
Produced Type of Machine : Milking machines (movable and fixed systems)  
Number of Sellers : 34  
Export : Germany, Holland, Algeria, Morocco, Syria, Kenya, Egypt,  
Jordan, Gana

**7.3. MAIN MACHINE PRODUCERS FOR MEAT AND MEAT PRODUCT  
PROCESSING**

**OREL ENDÜSTRİYEL MUTFAK SAN. TİC. A.Ş.**

Established in : 1970  
Address : ESENŞEHİR ÖRDEKGÖLÜ MEVKİİ 81260 Y.DUDULLU-İSTANBUL  
Phone : +90 216-365 76 00 (7 lines)  
Fax : +90 216-365 76 07  
Web : [www.orel.com.tr](http://www.orel.com.tr)  
E – mail : [info@orel.com.tr](mailto:info@orel.com.tr)  
Produced Type of Machine : Dough machines, vegetable cutting machines, ranges, deep  
fat fryers, grills, ovens, bain marie, refrigerators, deep  
freezers, working tables, sinks, cabinets, meat mincing  
machines  
Quality Certificates : TÜV, ISO 9001

### TOPALOĞULLARI MAKİNA SAN. ve TİC. A.Ş.

Established in	: 1977
Address	: Neşe Sok. No:7 Çağlayan-İSTANBUL
Phone	: +90 212-296 07 97
Fax	: +90 212-296 08 02
Web	: <a href="http://www.topalogullari.com">www.topalogullari.com</a>
E – mail	: <a href="mailto:topalogullari@topalogullari.com">topalogullari@topalogullari.com</a>
Produced Type of Machine	: Industrial kitchen machines, dough moulding machines, vegetable chopping machines, potato peeling machines, mixers, sausage filling machines, meat mincing machines, meatball machines
Quality Certificates	: ISO 9001, TÜV, CE

### ABANT FOOD PROCESSING and PACKAGING MACHINERY INDUSTRIES CO. LTD.

Established in	: 1970
Representative	: Muzaffer GÜREŞ
Address	: Erenler Topça Sitesi B Blok No:9 54200 ADAPAZARI
Phone	: +90 264-241 28 93-94
Fax	: +90 264-241 28 95
Web	: <a href="http://www.abantpack.com">www.abantpack.com</a>
E – mail	: <a href="mailto:info@abantpack.com">info@abantpack.com</a>
Produced Type of Machine	: Vaccum Pack; Liquid Filling; Vertical Form Fill; Shrink Pack. Mach.; Thermoforming; Meat and Milk Processing Machines
Number of Sellers	: 19
Export	: Syria, Saudi Arabia, Ukraine, Russia

## 7.4. MAIN MACHINE PRODUCERS FOR MILLING, BAKERY AND PASTRY

### ALAPALA MAKİNA SANAYİ ve TİC. A.Ş.

Established in	: 1954
Representative	: İsmail ALAPALA
Address	: Organize San. Böl. 1. Cad. P.K.51 19001 ÇORUM
Phone	: +90 364-425 95 60
Fax	: +90 364-254 92 90 / 213 17 42
Web	: <a href="http://www.alapala.com">www.alapala.com</a>
E – mail	: <a href="mailto:info@alapala.com">info@alapala.com</a>
Produced Type of Machine	: Wheat flour and semolina production system, pre-cleaning, milling, integrated milling industry mounting.
Number of Sellers	: 183
Export	: Italy, Egypt, Algeria, Russia

### ENTİL END. YAT. ve TİC. A.Ş.

Established in	: 1964
Representative	: Ergun ATAMAN, Yakup YURT
Address	: Ankara Asfaltı 5.km. ESKİŞEHİR
Phone	: +90 222-237 57 46
Fax	: +90 222-237 26 79
Web	: <a href="http://www.entil.com">www.entil.com</a>
E – mail	: <a href="mailto:info@entil.com.tr">info@entil.com.tr</a>
Produced Type of Machine	: Vals Cylinders
Quality Certificates	: ISO 9000, CE Certified
Number of Sellers	: 222
Export	: Germany, France, Italy, USA, North Africa Countries, Belgium, Kazakhstan, Turkmenistan, Kirghzistan, Uzbekistan, Azerbaijan

### UĞUR MAKİNA SAN. TİC. LTD. ŞTİ.

Established in	: 1972
Representative	: Uğur Barlık
Address	: Ankara Yolu 6.km PK.57 19100 ÇORUM
Phone	: +90 364-235 00 26
Fax	: +90 364-235 00 30
Web	: <a href="http://www.ugurmakina.com">www.ugurmakina.com</a>
E – mail	: <a href="mailto:info@ugurmakina.com">info@ugurmakina.com</a>
Produced Type of Machine	: High capacity airtronic roller mills, quadro plansifters, Semolina purifiers, screw conveyors, high pressure fans, low pressure fans, wheat measures, pneumatic group-pneumatic cyclones, tempering machines, mixture, single and double deck dry destoners, separators, blower main control boards, automatic weighing and bag filling stations, intended cylinders/trierus, intensive dampeners, elevators, blowers, automatic scales, vibro tarars, rotoflows, vibro feeders, impact detachers, compulsory tempering, jet plus filters, mono cyclones, vibro flour and bran brushes, upright washers and whizzers, air canals, horizontal scourers, bran finishers
Quality Certificates	: CE, ISO 9001

## 7.5. MAIN MACHINE PRODUCERS FOR SUGAR AND CONFECTIONERIES

### ALPY GIDA MAKİNE SAN. ve TİC. LTD. ŞTİ.

Established in	: 1994
Representative	: Ramazan ALPTEKİN
Address	: Fatih Mah. Suyolu Cad. No:11/13 Esenyurt-İSTANBUL
Phone	: +90 212-620 17 28
Fax	: +90 212-620 17 31
Web	: <a href="http://www.alpygroup.com">www.alpygroup.com</a>
E – mail	: <a href="mailto:info@alpygroup.com">info@alpygroup.com</a>
Produced Type of Machine	: Bread oven and equipment, chew gum Z mixer extruder, cooling tunnel, cake preparation and oven, toffing production, marmalade injection machine, chocolate filling biscuits line, waffle production machine, vertical and lateral waffle production, legume and biscuits packaging machine.
Quality Certificates	: ISO 9000
Number of Sellers	: 29
Export	: Germany, Italy, Greece, Russia, Sri Lanka

### ARCAN MAK. SAN. VE TİC. A.Ş.

Established in	: 1983
Representative	: Cem İNAM
Address	: Atatürk Organize Sanayi Bölgesi 10007 Sk. No:10 35620 Çiğli – İZMİR
Phone	: +90 232-376 88 21
Fax	: +90 232-376 88 20
Web	: <a href="http://www.arcan.com.tr">www.arcan.com.tr</a>
E – mail	: <a href="mailto:info@arcanmak.com">info@arcanmak.com</a>
Produced Type of Machine	: Marshmallow line, wafer tunnel, bar line, chocolate coating, stick cracker line, decorator, rusk line, hazelnut scattering
Quality Certificates	: ISO 9000
Export	: Iran, Palestine, Romania, Germany, Russia, Jordan, Israel, Syria, Holland, Ukraine, Uzbekistan, Macedonia, Bulgaria, Poland

### GÖÇMEN MAKİNA SAN. LTD. ŞTİ.

Established in	: 1962
Address	: Organize Sanayi Bölgesi KARAMAN
Phone	: +90 338-224 14 00
Fax	: +90 338-224 14 01
Web	: <a href="http://www.gocmen.com.tr">www.gocmen.com.tr</a>
E – mail	: <a href="mailto:gocmen@gocmen.com.tr">gocmen@gocmen.com.tr</a>
Produced Type of Machine	: Turn-key biscuit, wafer, chocolate plants, chocolate premixers, automatic biscuit dough plants, gum dough production plants, cream mixers, powdered sugar plants, chrom nickel blender tanks, double jacketed stock tanks of 200 kg-5000 kg capacity
Export	: Bulgaria, Romania, Kirghızistan, Saudi Arabia, Qatar, Spain, Kazakhstan, Moldavia, Russia, Bosnia Hersek, Gabon

## 7.6. MAIN MACHINE PRODUCERS FOR FOOD PACKAGING

### BETA-PAK OTOMATİK PAK. ve AMB. MAK. SAN. TİC. LTD. ŞTİ.

Established in	: 1997
Representative	: Cengiz KARAGÜLLE
Address	: Gümüşsuyu Cad. Dalgıç Yardımlaşma Vakfı İş Hanı No:3-7 Topkapı-Maltepe/İSTANBUL
Phone	: +90 212-481 39 16 / 17
Fax	: +90 212-481 39 19
Web	: <a href="http://www.betapak.com">www.betapak.com</a>
E – mail	: <a href="mailto:betapak@mail.com">betapak@mail.com</a> / <a href="mailto:betapak@lycos.com">betapak@lycos.com</a>
Produced Type of Machine	: Full Automatic Chain Vacuum Thermoform Packaging Machines for Honey, Jam, Chocolate, Wafer, Cake, Olive, Cheese and Yoghurt
Number of Sellers	: 25
Export	: Holland, Azerbaijan, Iran, Bulgaria, Dubai, Oman

### PAKFORM OTOMATİK PAKETLEME AMB. MAKİNELERİ SAN. ve TİC. LTD. ŞTİ.

Established in	: 1988
Representative	: Yücel ŞİRİN
Address	: San-Bir Bulvarı 4. Bölge 8.Cad. No:43 B.Çekmece- İSTANBUL
Phone	: +90 212-886 58 90
Fax	: +90 212-886 52 18
Web	: <a href="http://www.pakform.com">www.pakform.com</a>
E – mail	: <a href="mailto:sales@pakform.com">sales@pakform.com</a>
Produced Type of Machine	: Full Automatic Thermoforming Packaging Machines, Full Automatic Twin Vertical Form Fill Seal Machines, Ready Cups Filling and Closing Machines, Full Automatic Paper Bag Filling Machines
Quality Certificates	: ISO 9000, CEE Certified
Number of Sellers	: 60
Export	: Russia, Pakistan, Bulgaria, Ukraine, Sudan, Syria, Egypt, Uzbekistan, Macedonia, Georgia, Greece, Norway, Dubai

### YAZICI SHRINK PACKAGING INDUSTRY EXPORT-IMPORT LIMITED COMPANY

Established in	: 1988
Representative	: Adem Yazıcı
Address	: Sanayi Mahallesi Sultan Selim Cad. Burçin Sk. No:9 Kat:1-2-3 4.Levent / İSTANBUL
Phone	: +90 212-325 31 38 / 325 31 45
Fax	: +90 212-278 43 89
Web	: <a href="http://www.yazicimakina.com">www.yazicimakina.com</a>
E – mail	: <a href="mailto:yazici@yazicimakina.com">yazici@yazicimakina.com</a>
Produced Type of Machine	: Chocolate and Egg Packaging Machine, Portable Shrink Machine, Liquid Filling Machine, Semi Automatic Labelling Machine, Filing Machine
Export	: North African , Balkan and Middle Eastern Countries, Niger, Russia, Georgia, Ukraine, Pakistan, Cameroon, Sudan, Turkish Republics

## 7.7. MAIN IMPORTERS OF SECTOR IN TURKEY

### FEYZİ MATBAA ve GIDA SAN. MAK. MÜMESSİLLİK ve TİC. A.Ş.

Established in	: 1955
Address	: Kasap Sk. Gamze Apt. No:19/A 80280 Esentepe/ İSTANBUL
Phone	: +90 212-288 60 54
Fax	: +90 212-274 63 52
Web	: <a href="http://www.feyzi.com">www.feyzi.com</a>
E – mail	: <a href="mailto:fezyi@fezyi.com">fezyi@fezyi.com</a>
Type of Machine	: Packaging, beef and poultry slaughter, meat processing fruit and vegetables processing

### ARASTA DIŞ TİCARET ve MAK. SAN. LTD. ŞTİ.

Established in	: 1995
Address	: Atatürk Cad. Şeref Yazgan İş Merkezi No:72 Kat:5 81090 Kozyatağı-İSTANBUL
Phone	: +90 216-302 60 96
Fax	: +90 216-302 16 97
Web	: <a href="http://www.arastadt.com">www.arastadt.com</a>
E – mail	: <a href="mailto:arasta@arastadt.com">arasta@arastadt.com</a>
Type of Machine	: Milk pasteurisation system, cream pasteurisation system, fruit juice pasteurisation systems, honey and grape concentrate (pekmez) pasteurisation systems, beer and wine pasteurisation systems

### MİLKOMAK GIDA ENDÜSTRİSİ MAK. SAN. TİC. LTD. ŞTİ.

Address	: Mega Center Kocatepe Mah. C-4 Blok No:63-64 34170 Bayrampaşa-İSTANBUL
Phone	: +90 212-640 76 90-91
Fax	: +90 212-640 76 92
Web	: <a href="http://www.milkomak.com.tr">www.milkomak.com.tr</a>
E – mail	: <a href="mailto:milkomak@milkomak.com.tr">milkomak@milkomak.com.tr</a> <a href="mailto:milkomak@arti.net.tr">milkomak@arti.net.tr</a>
Type of Machine	: Pasteurizers, sterilizers, homogenisers, fittings, piston pumps, concentrators, food processing machinery, cream separators, separators

### **İSTBAY GIDA ve AMBALAJ MAKİNELERİ SAN. ve TİC. A.Ş.**

Established in : 1974  
Representative : Setefan Bayramođlu  
Address : Altan Erbulak Sokak No:9/A 80300 Gayrettepe/İSTANBUL  
Phone : +90 212-217 69 70  
Fax : +90 212-217 68 63  
Web : [www.pabay.com](http://www.pabay.com)  
E – mail : [istbay@pabay.com](mailto:istbay@pabay.com)  
Type of Machine : Meat and milk processing machine, packaging machine

### **ANATALYA İÇ ve DIŞ TİC. LTD. ŞTİ.**

Address : İstoç Ticaret Merkezi 25. Ada 89 Mahmutbey 34550  
İSTANBUL  
Phone : +90 212-659 25 25

## **8. MIDTERM and LONGTERM EXPECTATIONS and DISCUSSION**

### **8.1. DEMAND PROJECTIONS**

Turkey is a candidate for being a part of EU signed an Ankara agreement at 1963 and Customs Union Agreement at 1995. For being main member Turkey explained "National Programmes in the Official Journal" dated 24 March 2001 and numbered 24352 to make its laws conforming to EU. With this programme, it stated to accept to EU laws and a calendar for making equal its laws one to one conforming to EU.

This program includes the studies which are anticipated to perform in short and medium term in the period of full membership to EU.

The General Secretariat of EU will make an effort supply the coordination related to the application of National Programme. The public institutions, foundations in Turkey will supply the necessary information to the General Secretary of EU for executing this coordination. In addition, General Secretary of EU will examine the conformity laws which will be made.

EU opened the membership to Turkey at Helsinki Conference at 1999 and accepted Turkey in the EU family. In the Copenhagen Meeting of EU, according to advanced report results Turkey will begin full membership discussion at 2004.

The State Planning Agency, prepare progress plans for the 5 years duration and declare future projection plans. In this plan and projections include investment predictions and demand projections. But there is not any investment predictions and demand projections concerning food machine production and investment. Only there are food machine and machine production demand by prepared State Planning Agency in the duration of 1998-2002 which illustrated in Table 29.

Economical crisis of Turkey is decreased the food machine and machine production industry demand.

Food and tobacco machine demand was decreased 8,9 % in 1998 and 25,9 % in 2001. At the same years total food machine production industry demand is decreased 28 %.

**Table-29. Demand Projections of Food and Tobacco and Machine Production Industry  
(Value: Million US \$) (1998 Prices)**

	YEARS								
	1998	1999		2000		2001		2002	
	Value	Value	YI (%)	Value	YI (%)	Value	YI (%)	Value	YI (%)
Food Processing Machine	311.615	283.677	-8,9	318.830	12,4	236.125	-25,9	264.166	11,9
Total Machine Production	12.766.221	9.443.574	-26,0	10.946.409	15,9	8.103.427	-26,0	9.282.998	14,6

YI: Years Increasement

Food processing industry will grow nearly 10 % and demand also increase at the same rate. In the future years; food machine demand will increase 15 % due to new investment and renew operations.

## 8.2. SUPPLY PROJECTIONS

Food machine producers will continue their activity in the less production capacity. For this reason food producers and new food industry companies not to face any difficulties for getting new food machines. In Turkey only evaporator and HTST equipment do not produce as a food machine. For this reason these machines give supply difficulties to food industry whereas other food machines supply from abroad market.

There aren't any projections for food machine demand from State Planning Agency. But food machine production value is shown in Table 30 for the duration of 1998-2002 years.

**Table-30. Food Processing Machine and Machine Production Industry Production Value  
(Value: Million US \$) (1998 Prices)**

	YEARS								
	1998	1999		2000		2001		2002	
	Value	Value	YI (%)	Value	YI (%)	Value	YI (%)	Value	YI (%)
Food Processing Machine	213.750	237.671	11,1	274.685	15,6	238.205	-13,3	246.634	3,5
Total Machine Production Industry	6.544.404	5.728.486	-12,5	6.074.106	6,0	4.616.321	-24,0	4.800.920	4,0

YI: Years Increasement

As shown in Table 30; food machine production was effected very less compare to machine production sector. Food machine production decreased 13 % in 2001 whereas increased due to recovering, production increased 3,5 % in 2002.

### 8.3. FOREIGN TRADE PROJECTIONS

There is no data in The State Planning Agency projection related to food machine exterior trade projection. But food machine import and export conditions were illustrated in Table 31 for 1998-2002 years. According to Table 31. food machine import value is decreased 47 % in 1999 and 43,5 % in 2001 respectively whereas increased 45,8 % in 2002. After recovering the economy import value will be increase nearly 15 %. At the same years; total machine production import ratio is not effect from economical crisis.

**Table-31. Food Processing Machine and Machine Production Industry Import and Export  
(Value: Million US \$) (1998 Prices)**

		YEARS									
		1998		1999		2000		2001		2002	
		Value	Value	YI (%)	Value	YI (%)	Value	YI (%)	Value	YI (%)	
Export	Food Processing Machine	75.535	45.797	-39,3	73.321	60,1	68.491	-6,6	79.274	15,7	
	Total Machine Production Industry	1.059.502	1.234.364	16,5	1.489.085	20,6	1.740.309	16,9	1.882.929	8,2	
Import	Food Processing Machine	173.400	91.802	-47,0	117.468	27,9	66.415	-43,5	96.801	45,8	
	Total Machine Production Industry	7.281.323	4.949.453	-32,0	6.361.386	28,5	5.227.415	-17,8	6.365.008	21,8	

YI: Years Increased

As shown in Table 31; in 1999 and 2001 economical crisis decreased both food machine production and machine production industry import and export ratio. Food machine demand decreased 9 % and 26 % in 1999 whereas food machine import nearly half amount. Domestic food machine production did not effect from economical crisis.

## **9. POSSIBILITIES OF SPANISH COMPANIES IN TURKISH MARKET**

The characteristics of Turkish food machine are as follows; cheap, simple to use, easy to repair and maintain for these features. Food machine of Turkey is desirable. The food machines are cheap due to labour fee, engineering and raw material prices. Although the food machine; which will be imported from EU countries, are high quality, they are expensive when compared to prices of food machines in Turkey. For this reason food machine import is generally for new food company and some machine which impossible to get from domestic market like as evaporator and HTST.

Domestic food machine prices are half or one third of imported machine due to low labour and engineering prices.

In the case of Turkish food machine safety certification procedures go very fast after Custom Union Agreement which signed with EU.

In domestic food machine product contains both quality and nonquality machine. Due to economical crisis some food industry sector prefers cheap food machine whereas others prefer high quality.

Food machine importation has done from Italy, Germany, Denmark from EU. Turkish food industry and machine producers did not know Spanish food machine producers. Turkish food producers has lack of Spanish company knowledge and their product. Only some Turkish producers meet the Spanish food machine at some fairs but they have no relation with them.

Most desirable way for Spanish company, they have to open Turkish branch office for entering Turkish food machine sector. Other important topic is to decrease their prices compare to Italy and Germany food machine product. The price of Spanish food machine should be equal domestic prices. This is not only for Spanish company also adviceable for all countries company for trying to enter Turkish market.

After demonstration prices will increase to normal level for food machine.

All Turkish food machine producers which make contact for this report, willing to keep relation and cooperative study with Spanish company.

Turkish food industry is growing year by years. Spanish company should took place in the Turkish food machine market, for this aim demonstration and advertisement Spanish food machine companies should joined food fairs in Turkey for improving relation with Turkish food industry.

Turkish industry remembers in the case of imported food machine only Italian and German companies due to two country is making an effort for demonstrative activities and fairs.

Concerning Spanish food machine most easy marketing machines are fruit and vegetable processing machines. Because Turkey and Spain are the same climate localisation and they have same fruit and vegetable products.

## 10. LIST OF COMPANIES OF SECTOR

### 10.1. FOOD MACHINE PRODUCERS
